PERSONAL DETAILS

FULL NAME:

Algewaththage Sashika Dilmin

DATE OF BIRTH: 12/03/2002

NATIONALITY: Sri Lankan

MARITAL STATUS: Single

SKILLS

LANGUAGE SKILLS

- English
- Sinhala

PROFESSIONAL SKILLS

- Project Management & Academic Event Coordination
- Technical Documentation & Scientific Writing
- Editorial Review & Content Quality Assurance
- Research Data Organization & Analysis
- Team Leadership & Committee Coordination
- Stakeholder Communication
- Full-Stack Web Development
- REST API Development
- Database Design & Management

PROFILE

Statistics and Computer Science undergraduate at the University of Peradeniya with experience in leadership, project management, full-stack web development, image processing, and AI-driven software solutions. Demonstrated leadership as Editorial Committee Convener of SURS 2026 and practical experience in developing MERN-stack applications and computer vision systems. Strong analytical, communication, and problem-solving skills with interests in software engineering, data analytics, artificial intelligence, and technology management.

EXPERIENCES

Leadership & Experience

2026

Editorial Committee Convener - SURS 2026

Faculty of Science, University of Peradeniya

- Led the Editorial Committee for the Science Undergraduate Research Symposium (SURS 2026)
- Coordinated the compilation and editing of official symposium content including abstracts and reports
- Collaborated with academic staff to ensure accuracy and high-quality scientific documentation
- Managed large-scale research submissions across multiple scientific disciplines
- Ensured adherence to publication standards and deadlines

Work Experiences

2024-2025

WordPress Developer (Projects / Freelance)

- Designed and developed responsive websites using WordPress and Elementor
- Customized themes (Traveler theme) to meet user requirements
- Collaborated with academic staff to ensure accuracy and high-quality scientific documentation
- Managed plugins, performance optimization, and UI/UX improvements
- Maintained and updated websites

AI Content & Social Media Manager

2025-2026

- Created AI-generated visual and animation content for social media platforms
- Managed Facebook pages and implemented strategies to increase engagement and audience growth
- Analyzed performance metrics to optimize content reach and effectiveness

TECHNICAL SKILLS

- Programming: Python, Java
- Statistical Analysis & Data Handling (R)
- HTML, CSS, JS,
- AI Content Creation (Image & Animation Tools)
- Data Analysis & Interpretation
- WordPress
- OpenCV
- React.js
- Node.js
- Express.js
- MongoDB Atlas

SOFT SKILLS

- Leadership & Team Coordination
- Effective Communication (Written & Verbal)
- Time Management & Deadline Handling
- Problem Solving & Critical Thinking
- Adaptability & Fast Learning
- Attention to Detail & Accuracy
- Decision Making & Responsibility
- Teamwork & Collaboration
- Organizational & Planning Skills
- Conflict Resolution & Interpersonal Skills

KEY COMPETENCIES

- Leadership and responsibility in academic environments
- Strong organizational and multitasking abilities
- Fast learner with adaptability to new technologies
- Analytical thinking and problem-solving skills

ACHIEVEMENTS

- Developed an Autonomous Road Understanding System using Computer Vision and Image Processing
- Contributed to the official SURS 2026 symposium publication and abstract compilation
- Completed Python and Web Development certifications conducted by the University of Moratuwa

TECHNICAL PROJECTS

Autonomous Road Understanding System using Image Processing

- Designed and developed a real-time road scene analysis system.
- Implemented lane detection, road curvature estimation, and vehicle positioning algorithms.
- Developed vehicle, pedestrian, traffic sign, and traffic light detection modules.
- Implemented distance estimation, lane departure warning, and collision warning functionalities.
- Integrated multiple computer vision techniques into a unified driver assistance framework.
- Evaluated system performance using real-world road video datasets.

AI-Based Career Guidance System (MERN Stack)

- Developed secure user authentication using JWT authorization and bcrypt password hashing.
- Implemented registration, login, and protected dashboard functionalities.
- Designed RESTful APIs and integrated MongoDB Atlas databases.
- Developed Career Details and Learning Path modules providing career recommendations, required skills, learning resources, and project suggestions.
- Built responsive React interfaces and connected backend services using Axios.

EDUCATION

Bachelor's Degree(B.Sc in Physical Science)

2023-2026

Department of Statistics and Computer Science

Faculty of Science, University of Peradeniya

G.C.E. (A/L) Examination - 2021 | Z - Score: 1.2360

- Combined Maths - B
- Chemistry - C
- Physics - C

G.C.E. (O/L) Examination - 2018

CERTIFICATIONS

- **Python For Beginners** - Conducted by the, Department of Information Technology, Faculty of Information Technology, University of Moratuwa
- **Front End Web Development** - Conducted by the, Department of Information Technology, Faculty of Information Technology, University of Moratuwa
- **Web Design For Beginners** - Conducted by the, Department of Information Technology, Faculty of Information Technology, University of Moratuwa
